

About MACROCOZM'S AID

MACROCOZM'S Annie's Institute of Design is an ISO 9000-2008 registered institute which offers specialized courses in Portfolio Making and Computer Designing Skills. It has just bloomed with the thought of providing the best services in the field of Designing to the upcoming different thinkers. It is an affiliated institute and the certificate of excellence which students will get, has validation all over.

In MACROCOZM'S AID the students have choice to do specialized courses which they can finish in 3 months of duration rather than spending 6 months or 1year.

If students think they have drawing skills, interest and passion, MACROCOZM'S AID is ready to serve them the best assistance and guidance for the same and that too at nominal prices.

Why MACROCOZM'S AID?

MACROCOZM'S Annie's Institute of Design has come up with the motive to turn your concepts into reality. To improve the skills of those who have dream to become a designer or career in fashion industry. There is no eligibility criterion to join MACROCOZM'S AID. It's just you need to have passion to design and create something out of this world. And if you have that zeal and mind frame then AID is the right place for you.

So, don't stop your creative thinking, in fact step forward towards MACROCOZM'S Annie's Institute of Design and feel the difference.

MACROCOZM'S AID HIGHLIGHTS

- Small Batches.
- Personal interaction with all the Students.
- Affiliated and Certified Courses.
- Nominal Fee Structure
- Interaction with Industry Professionals.

Portfolio Making

Portfolio is a passport to your career. A strong portfolio opens doors and the weak one closes them. Your portfolio is the one which reflects your interpretation of future fashion trends. MACROCOZM'S AID provides specialization in Portfolio Making which is the ultimate requirement to enter the fashion industry.

How to present your work, how many designs you should keep, and what all should be there in your portfolio, everything will be guided and inculcated in you.

Students will get training in stylized croquis making, rendering, making mood boards and theme boards, working on themes, selecting fabrics, textures and finally creating designs with unusual materials both manually and with the help of technology.

- **Course Duration: On Individual's Capability**

Computer Designing Skills

As generations are passing, the need of computers is also increasing. Similarly in the field of designing also computer plays a vital role. MACROCOZM'S AID provides knowledge of designing softwares to its prestigious students. The students will be able to use these softwares to great extent and in various ways to make their designs unique and exclusive.

Even if students are not comfortable in their drawing skills, MACROCOZM'S AID will make them well versed with computer designing skills by guiding them about creating mood or theme boards, croquis making, apparel designing which give their designs and creativity an impeccable look and that too by consuming less time.

- **Course Duration: On Student's Capability**

Also Offers Portfolio (+) Computer Designing Skills (any 1 software) package at Nominal Prices.
